50 YEARS OLD

NILES, CALIFORNIA FRIDAY, MAY 6, 1938

NO. 18

AROUND the TOWNSHIP

Neon signs, informing motorists of the north and south entrances to Niles from the Oakland-San Jose highway, are an accomplished fact. Cheers for Niles Chamber of Commerce for getting them installed and providing for their maintenance. Likewise, cheers for the Niles Junior Chamber of Commerce for conceiving the project months ago and keeping it alive all the while.

Any business house who hasn't yet secured a 1938 membership in either one or both of these civic bodies is overlooking a bet. Other things just as useful and as much needed can be carried out to a fruition with funds provided by the individual membership fee—if there are enough members.

We add another congratulation to the hundreds of expressions already received by Mr. F. V. Jones on the passing of the 80th milestone in his active life. Also, our congratulations to Mr. A. A. Hitch and to Dr. Millicent Shinn for similar achievement.

The members of this trio apparently are hale and hearty and bear their four score years rather lightly. Many more of them.

More fame by achievement has come to Niles with receipt of word by John J. Hunter that his 13 pullets entered in Missouri egg laying contest at Mountain Grove won the high pen award for the month of March for all light breeds. Another similar entry was one of the high laying pens in the Florida contest at Chipley for the same month.

Mr. Hunter is justly proud of the record of his birds.

Bringing the apricot industry out of economic distress through controlled marketing of canning and dried fruit, is the object of the proposed apricot prorate program. That growers in Washington Township and Alameda County realize its merits is attested by the results in the current prorate sign up campaign. In areas where volunteer workers have completed the canvass, the signatures to the petition asking for the program has approximated 100 per cent.

Rebuilding of the Niles Congregational Church is assured at the earliest possible moment. Financing of the project appears to be assured, as well, with organizations and individuals responding already to the need for liberal assistance.

Such an attitude in a community is deserving of the highest commendation. It bespeaks that deep rooted concern for the welfare of things worthwhile and conforms to the axiom that the church is the foundation of our civilization.

Sign Up Campaign Progresses Nicely During First Week

NILES—Thirty petitions for institution of a program of prorate marketing in California with respect to apricots are being circulated in Alameda County with the start of the growers' sign up campaign during the last week, according to J. C. Shinn, Jr., chairman of the local committee.

A sign up of 150 growers in areas contacted is in prospect by the end of the first week of the campaign. In some areas where volunteer workers have been busy almost 100 per cent sign up has resulted, it was stated.

A meeting at Castro Valley was addressed by Shinn, H. G. Mitchell of Berryessa and Mr. Galeb of Los Gatos, who explained the workings of the prorate program. Another meeting will be held at Hayward in the high school on May 10 at 8 p. m. when speakers will be present from San Jose and Hayward to talk to growers.

It was announced that news broadcasts by radio soon will include information on the prorate set up, including some in the Portuguese language.

Signal System Is Planned To Assist Police Officers

NILES—Probability that Niles will have a telephone and buzzer system to aid peace officers developed at this week's meeting of the Niles Junior Chamber of Commerce. President Lewis Lewis and Joe Vivieros are to investigate the cost of the equipment and report at the next meeting. The plan is to have a telephone installed on the main street which will show a red light at night and sound a buzzer by day to attract the attention of the deputy sheriff and the night watchman who will be able to be more active in patrolling the town by this means.

An invitation was received to attend the barbecue of the Livermore-Pleasanton Rod and Gun Club on June 5. Lawrence Sharpe reported on the On-to-Oakland fund in connection with the Junior Chamber of Commerce convention in Oakland in June. The local chamber will be allowed three voting delegates and approximately six will be present to attend to the room in the Hotel Oakland where advertising exhibits for the community will be placed. Souvenirs to visitors will be furnished by the California Pottery Company, the Kraftite, the Leslie and Morton Salt companies and the California Nursery.

Henry Vervais was made an honorary member bringing the total to 77.

CIVIC GROUP PLANS ENTERTAINMENT FOR COMING MONTHS

IRVINGTON—New events planned at a recent meeting of the Irvington Junior Chamber of Commerce include a baseball game between married men and single men, a fishing trip for May, a ladies' night dinner and a stag party for the late summer.

Tom Launder was elected director to succeed George Stannard, who has become affiliated with the Rose Garage at Niles. The attendance prize was won by Raymond Benbow.

The baseball game was played between bachelors and husbands of the membership at the grammar school Sunday morning at 10 o'clock. Ed Feliciano was in charge.

Wayne Day was appointed to arrange for the fishing trip to occur in May. Al Monese is to plan the ladies' night dinner to be served at Henry's Place. Leonard Freitas and Joe Silveira were appointed to make arrangements for the stag party.

Church Group Launches Campaign To Replace Building Destroyed By Fire With Modern Structure

Speaker Describes Building Program At Washington High

CENTERVILLE—Increase of facilities and decrease of taxes for the Washington Union High School were described by M. J. Overacker, president of the board of trustees at a luncheon meeting of the Niles Chamber of Commerce at the high school last week in observation of Public School Week.

Overacker stated that the school building program was being planned to take care of 1,000 students within the next 10 years, based upon increase of the last 10 years. The tax rate for the past 10 years has decreased from 75 cents to 31 cents while the enrollment was increasing from an average daily attendance of 227 in 1937 to 607 this year. The cost per pupil has decreased from \$248 to \$159.

The first of the new units to be constructed will be a home-makers' department to cost approximately \$22,000. Plans for this are now under examination at Sacramento. The sum of \$10,000 per year is being set aside by trustees to provide for additional building in order to avoid a bond issue. At present there are 180 home-makers enrolled and 80 Future Farmers. The cost per pupil at the local school is the lowest in the State where transportation and agricultural equipment is furnished. Overacker stated.

Music was furnished by the boys' glee club under the direction of Miss Antoinette Botelho. H. L. Scott, another trustee, was also a speaker.

Guests present in addition to members of the Niles Chamber of Commerce were H. B. Long, principal of the Hayward Union High School; Carl Ekos, dean of boys at Hayward; Judge Allen G. Norris, Frank T. Dusterberry, Howard White, John Oliveira and J. V. Goold.

SCHOOL TRUSTEES WILL BE NAMED AT FRIDAY ELECTION

Trustees of grammar schools and the Washington Union High School will be elected on Friday, May 13, polls to be open at the grammar schools from 1 to 6 p. m. No opposition to incumbents has been announced. Those whose terms expire this year are as follows:

Washington Union High School, H. F. Harrold of Decoto and H. L. Scott of Niles; F. E. Machado of Alvarado, Mrs. Frank Roderick of Alvarado, Mrs. George Coit of Centerville, Henry May of Decoto, J. F. Corey of Irvington, Mary I. Brown of Lincoln, Joseph Telles of Mission San Jose, Mrs. Harlean Boyce of Mowry's Landing, M. D. Silva of Newark, Harry T. Tyson of Niles and Joe Brown of Warm Springs.

MINISTER AND WIFE GRATEFUL FOR TIMELY ASSISTANCE GIVEN

NILES—Rev. and Mrs. R. C. Day of the Congregational Church issued the following:

"We desire publicly to express our thanks to the many friends and good neighbors for the help so generously given us during and since the great fire which destroyed so much of that which we all hold dear.

"Especially do we thank those who at the risk of life and limb labored so heroically to save precious things of the home. To one and all who by their kindly and generous support given to us so spontaneously in our hour of disaster, we offer our sincere and heartfelt gratitude.

"It has been a splendid demonstration of the spirit of good neighborliness and cannot fail to unite our hearts with the ties of lasting goodwill and friendship."

NILES—Tentative drawings for a \$20,000 modern structure to replace the Niles Congregational Church recently destroyed by fire were discussed at a meeting of the church society at the Veterans Memorial Building last Sunday morning following regular services.

The new building will be financed with a \$13,000 insurance policy and a \$7,000 contribution which it is hoped will be raised in the community. A committee to contact local residents was appointed as follows: E. A. Ellsworth, W. T. Lindsay, Hoyt Duffie, R. C. Attinger, Dr. E. C. Grau, trustees; Nelle Farrington Meyers, J. C. Shinn, F. V. Jones, Betty Denton, Mrs. E. A. Ellsworth, Mrs. A. A. Hatch, Mrs. Duffie, W. B. Kirk and Mrs. C. N. Myrick.

The committee met at the parsonage Tuesday night to complete plans for the financial campaign. Scout Executive Lindsay said that the annual campaign for the scouts had been postponed until Fall in deference to the church plans.

Tentative plans for the new structure indicate three units, the church building proper, the Sunday School and recreation rooms, and the parsonage. The architecture will be in keeping with the mission style in other public buildings in Niles. The recreation room will include a small stage and it is planned to build a barbecue pit in the back yard. Patios will separate the parsonage and the Sunday School from the church auditorium.

Among the valuables destroyed in the fire were manuscripts of Rev. R. C. Day's father. As a compensation for this loss, Mr. Day's sister will contribute a memorial window for the church. The parsonage will consist of six rooms and the church auditorium will seat approximately 150 persons. A solid fire wall will separate the church from the parsonage.

The trustees were empowered to proceed with adoption of architectural plans and with the building campaign.

MOTHER'S DAY

This Mother's Day, is it a question of flowers, a box of candy, a form-letter telegram? Is it a matter of sentimentality, a sampling of remembrance, a short look back and then eyes front again?

Or is it something deeper, a one-day celebration of a companionship that runs through life like a fine silver thread, an annual birthday of something that began in a whispered lullaby, and sings on through the strings of the years?

Those mothers of ours. We like to be sentimental about them. We like to remember what they went through for us, how they understood us when we ourselves were at cross-ends, how they held their blame when we were unkind or unthinking. We like to season the present with fine pictures from the past, to bring back yesterday's mood with a Mother's Day remembrance.

Those mothers of ours. We're mighty proud of them, aren't we? And whether it's a card, a gift, or ourselves, we send on Mother's Day, we've an idea they're mighty proud that we remembered, that we didn't forget.
